\$134,999

Comments: Graded As Mounting Permits

The estimated appraisal by the American Appraisal Association is the replacement value at which the product could be acquired and purchased in a retail store. All jewelry pieces are determined by gemological guidelines. The client should not predict to market the product for the appraised amount.

**Estimated Retail Replacement Value
For Insurance Purposes Only**

This report is based on generally accepted grading techniques. Characteristics are determined using master comparison stones, 10x loupe or binocular microscope, a millimeter gauge, UV lamp, and carat scale.

DISCLOSURE OF CONDITIONS AFFECTING ACCURACY OF ESTIMATES AND DESCRIPTION

1. The above Insurance Replacement Estimate represents a legitimate selling price, which is usually the customer's price for the item described.
2. Although the above Insurance Replacement Estimate represents a legitimate selling price for the item described, it may be different than what the customer paid due to possible application of discounts and/or trade-ins at the time of purchase.
3. The metal content, gemstone quality and quantity are stated as represented by the manufacturer. It is impractical to remove each gemstone for weighing and keener grading, therefore we selectively test samples of the items we stock to confirm that the information supplied by the manufacturer is reliable.
4. All gem stones are evaluated in their mountings to the extent that the mountings permit examination.
5. Each colored stone on this report may have been subjected to a stable color treatment process which is universally accepted and practiced by the gem and jewelry trade.
6. If a photograph accompanies this report, it is intended only to document design and general appearance and is not necessarily an accurate reproduction of scale, color, quality or condition.
7. We have attempted to provide accurate gemstone grading information within normal and reasonable gemological ranges. However, legitimate opinions of quality and grade may vary upon reexamination or examination by another gemologist.
